

Safeguarding Children Missing Education Process for Schools

Day One: The school identifies that a child is not in school. A staff member trained to do so, telephones the child's home to seek reasons for the absence and reassurance from a parent/carer that the child is safe at home.

Result of Call	Action
There is no answer at the home or on mobile numbers	Call back. Risk assess after 2 hours
The parent/carer answered the call, the child is safe with them	Ask for reason for absence and record
The person answering is not the parent/carer and the school is not reassured that the child is at home or safe	The school's designated lead for child protection should be consulted on a risk assessment and the degree of vulnerability of the child
The parent/carer answered the call, the child is not with them or safe and the parent is concerned	School to advise the parent to: <ul style="list-style-type: none"> • Contact the local police station to inform them that the child is missing • Contact all people and places the child is known to talk to and visit to tell them that the child is missing and ask if they can help to find the child, by providing information which may shed light on the child's whereabouts or actively searing for the child • Contact the family GP and Accident and Emergency Centres near where the child lives and goes to school, in case he/she has sustained an injury and been taken in for medical treatment • Report back to school if the child is found or remains missing

If the judgement on Day One is that there is reason to believe that the child is at risk of harm the school will contact Police and/or children's social care immediately.

If the judgement on Day One is that there is no reason to believe that the child is at risk of harm school continues to make enquiries and informs Education Inclusion & Partnership on Day Ten that the child is missing education.
